

Detroit Autonomous Vehicle Adventure Kids Hackathon

Venue: Lawrence Technological University, Southfield, MI
Date: May 11-12

Do you like technology?
Want to build a self-driving car?
Prizes will be awarded!

Detroit Autonomous Vehicles Group (DAVG) is running a hands-on learning event for kids age 12-17 in the Detroit area

- \$18 to participate
- Entertainment/refreshments/food will be provided
- Learn the basic principles of autonomous vehicles
- Build your very own self-driving model car & keep the car for free

Schedule:

Saturday 08:30 - 17:30 build

Sunday 08:30 - 17:00 race, celebrate success, hear from industry professionals

The event will finish with cars racing on a purpose-built track, followed by prize giveaways!
